

Emergency Information

What is it?

The Emergency Information Cards contain critical information that children should know or have in case of any EMERGENCY situation.

How do I use it?

Print off the template and fold it like along the dotted lines. Have children fill out the information with you.

Where should it be kept?

- **by the phone (easily accessible)**
- **in the child's backpack**

Children need to know what to do and who to call if they are hurt, injured, or need help. Here is a valuable tool for them to have! By teaching them about emergency situations and how the Emergency Card is used, they gain confidence to act appropriately and promptly.

You never know when something might happen and it is important to ALWAYS BE PREPARED!
